EDUCATIONAL & SOCIAL TRUST

ABOUT ORGANISATION

Khushi Educational And Social Trust is a Mumbai based Non-governmental organization, working towards bringing a change for the betterment of under privileged women and children through the most powerful medium, that of education. The trust was formalized in 1999 and registered under The Bombay Public Trust Act 1950 in 2007.

Our vision is to play an active role towards building an educated, socially aware, self-reliant and healthy society. "To dutifully serve the society that we live in, is true social service." Khushi Trust is the result of coming together of social conscious persons who firmly believe in this ideology.

Our Purpose

This report for the academic year 2019-20 is not only a narrative of our achievements for the year, but a reflection of our efforts, hard work and success. The teachers' narrative of our achievement is more than just a feedback on our activities: it is a report which gives an idea of how we measure up to their expectations.

Each year we progress one step further towards our goal. The teachers, students, parents and well wishers provide us the inspiration to keep moving and progressing ahead.

It gives us great pleasure to present this annual report in which way let the teachers themselves report on the projects. This Corona year has not allowed us to do all that we wanted to do. Because of the school shutdown some of our projects are left incomplete. This is only a brief summary of the work we were able to do and we hope it will suffice in giving you an idea of the work in this year.

Thanking you,

Ujwala Patel

ART MASTI

Various activities that spark the artistic talents in children are implemented for the students in our school in collaboration with Khushi Educational and Social Trust, Mumbai. The Trust and their teachers are always striving for the development of children's creative talents.

In continuity with these efforts, Khushi Trust organized a puppet making session for the children of 1st to 4th class, and stockings flower making for the 5th to 7th class in our school, Matoshri Vidyamandir, Dombivali (East), on 25th and 27th February.

The children enjoyed this project and since they were learning something new, the children were enthusiastic and participated whole heartedly; the teachers also joined them in their enthusiasm.

The children made beautiful things, for which, I, Ramesh Badgujar, on behalf of our school salute the organization and the teachers and thank them for this opportunity to see the faces of the children light up with happiness and feeling of confidence this activity gave them and the joy they felt at seeing the result of their own creative efforts. I look forward for more such new educational activities being taken up in our school.

Thank you.

ASTROGRAPHIA

Project ASTROGRAPHIA to teach Geography was conducted for students of Class 5th to 10th in our school on Monday, 23rd December 2019.

This unique method of teaching in simple language through Power Point presentation made it easy for children to understand important concepts of Geography. The volunteers and teachers of Khushi Trust explained in easily understood language the phenomena of solar and lunar eclipse, waxing and waning of the moon, world time zones, planets, and other astronomical occurrences. Maps and educational games were also used for better understanding.

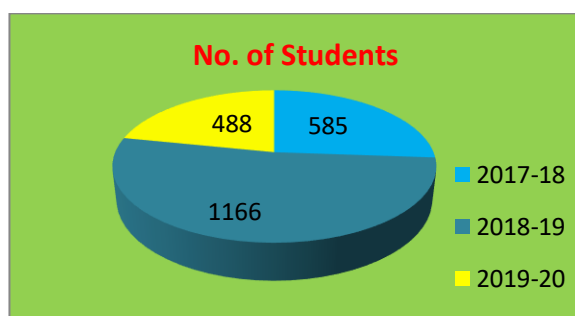

The guidance and knowledge given by the Trust members and teachers will most certainly help the students in their study of geography, instill interest in the subject and improve their scholastic performance.

We hope we continue to receive your support and guidance in the future and thanking you again.

GANDHI 150

We would like to express our gratitude to your Trust for guidance you provided to our students of class XI Arts and Commerce Junior College on the subject of "The values of Mahatma Gandhi" on 11th January 2020.

It was interesting and thought provoking. The students participated in the discussion indicating it made a deep impression on them and hopefully it will compel them to mould their own lives accordingly.

Such guidance sessions are beneficial to bring about changes in the young population and in our society as a whole.

Your work is highly appreciable and at this juncture of time, with failing to values of a society, a dire need also.

Keep it up with best wishes

Thanks
